

# First Aid Kit for Pets

A fully equipped household first aid kit contains almost all of the supplies you may need for your pets. A simple first aid kit for your pets should include these items in a waterproof container:

- Latex (or hypoallergenic material) gloves - 2 pair Lg
- Gauze sponges ( a variety of sizes)
- Gauze roll, 2-inch width
- Elastic cling bandage (vet wrap)
- Material to make a splint
- Adhesive tape, hypoallergenic
- Non-adherent sterile pads
- Small scissors
- Tweezers
- Compact emergency “blanket”
- Water-based sterile lubricant
- Rubbing alcohol 4oz
- Topical antibiotic ointment (Neosporin)
- Cotton-tipped swabs - 10 ct
- Instant cold pack
- Epsom salts - Sandwich ziplock
- Baby-dose syringe or eye dropper
- Sterile saline wash 4oz
- Tongue depressors - 5 ct
- Glucose paste or syrup 1-2oz
- Styptic powder - 1oz?
- List of emergency phone numbers
- Petroleum jelly
- Penlight with batteries (AA)
- Thermometer
- Ace Bandage
- Hibicleanse (Chlorhex Scrub) 4oz
- Notepad/Pen
- Towel
- Muzzle
- Grooming clippers or safety razor
- Nylon leash
- Clean cloth
- Syringes 3cc & 20cc

Should have, but need to be **approved by your veterinarian**:

- Diphenhydramine (Benadryl 25mg), if approved by your veterinarian
- Hydrogen peroxide (3 percent), if approved by your veterinarian
